

The ACT Government has passed laws to help Canberra's cats live longer, healthier lives while better protecting native wildlife.

Cat containment laws have been expanded to include all suburbs in Canberra, for cats born from 1 July 2022, in addition to Canberra's 17 declared cat containment suburbs.

Custom Cat Enclosures

Create a safe and enriching outdoor living space for your cat

Keep your cat safe and happy outdoors with a Purrfect Pens enclosure

We Love Cats!

Purrfect Pens is a Canberra-based family business specialising in outdoor cat enclosures. We can create **customised and affordable** containment solutions to keep your cat safe, secure, and happy outdoors.

Cats love the opportunity to spend time outdoors in a mentally and physically enriching environment.

A Purrfect Pens enclosure can transform your yard, courtyard, side-of-house, patio, deck or balcony into a recreational haven for your cat.

We offer quality materials including low-visibility UV-rated cat netting, angled fence brackets, custom-built galvanised and powdercoated steel gates and aerial walkways.

What makes a happy cat?

A welcoming and well-designed space will give your feline friend the chance to engage in natural behaviours such as stalking, pouncing, climbing, scratching and exploring.

Cats like to survey their surroundings and being up high allows them to get a better view. Platforms, ramps, hammocks, and aerial walkways are a great way for cats to stretch their limbs and enjoy the sights and sounds of the neighbourhood.

Cats like to feel secure and need a private space where they can hide away. Cats also love to bask in the sun and enjoy a snug and cosy place to nap.

Providing access to food and water, toys, protection from weather, and somewhere to toilet will complete their purrfect outdoor space.

Safe and sound

Your cat deserves every chance to enjoy a long, healthy and happy life.

A Purrfect Pens enclosure is a great way to let your cat express natural behaviours and explore while keeping them safe and sound. A secure enclosure prevents your cat from wandering, and keeps them protected from dangers such as misadventure, traffic, and disease.

Love your cats, and your local wildlife!

Living in the Bush Capital means enjoying frequent visits from wildlife to our backyards. Keeping cats enclosed dramatically reduces their impact on native birds, lizards & other animals.

Purrfect Pens offers a free measure and quote, and our high quality materials are covered by a 10-year manufacturer's guarantee.
